

Special Event

New Telescope Party Caledon State Park

January 25, 2014, 3 pm until.....

Rappahannock **Astronomy** Club

Come on out, bring your telescope, and enjoy great views of the night sky! We'll be happy to help you set up and get familiar with that new telescope or learn more about how to use that old equipment that's just sitting in a closet gathering dust.

If you don't have a telescope, you'll get a chance to look through different scopes at a variety of beautiful targets.

You can come as early as 3 pm—so we've got plenty of time to help you get up to speed with your scope before it gets dark. Children are welcome!

Event is Weather Permitting: Be sure to check our website, www.raclub.org at noon on January 25 to ensure the weather is cooperating.

Directions to Caledon State Park, King George, VA: Caledon is located in King George County, 23 miles east of Fredericksburg on Route 218. From Fredericksburg, take 218 East for 23 miles.
